OAD/RR:

25X1A

The AD/RR and Messrs. [REDACTED] (D/G), [REDACTED] (D/I), [REDACTED] (D/I), and [REDACTED] (D/M) of his staff, MET WITH Mr. Prior (Deputy Executive Director of the Geophysics Research Division of the CAMBRIDGE AIR FORCE RESEARCH CENTER), Major Finton (Air Force delegate to same), and Mr. Alpert (a climatologist with ARMY MAP SERVICE) TO CONSIDER a REQUIREMENT LAID BY A-2 on the Geophysics Division TO DETERMINE THE METEOROLOGICAL AND CLIMATIC VULNERABILITY OF SOVIET PLANTS. The ULTIMATE QUESTION to be answered in this study WOULD BE WHETHER OR NOT TO ADD a ninth factor, i.e. WEATHER, TO the AIR FORCE present EIGHT CRITERIA FOR TARGET SELECTION. A list of twelve industries to be particularly considered was presented. After an informal discussion, it was generally agreed that some outside agency or agencies would be better sources than CIA/RR branches for this type of information. CIA/RR AGREED TO FURNISH the Geophysics Research Division ON an INFORMAL BASIS with a LIST OF INSTITUTIONS AND TRADE ASSOCIATIONS THAT MIGHT BE PROFITABLY APPROACHED to this end. COORDINATION for this list IS IN the HANDS OF CHIEF, D/G. (3/4. hr) (31 Mar)

ACTION: To DDI for DCI Diary
